Remote or hybrid · Philippine time (UTC+8)

Web developer with 6+ years of experience building business web applications: enrollment, billing, payments, grading, and approval workflows. Works with Python, JavaScript, SQL, and MariaDB. Most of this work was built on the Frappe framework. Career progression includes senior development and product ownership.

SKILLS

School systems
Admission, enrollment, pre-enrollment, grading, grade slips, matriculation

Billing and payments
Tellering, fee allocation, discounts, statements of account, online payments, SMS billing

Workflows and access
Approvals, ERP Livro, onboarding and offboarding, user access, role permissions. Built on Frappe and ERPNext.

Engineering
Python, JavaScript, TypeScript, React, Tailwind CSS, SQL, HTML5, CSS, REST APIs, Git, GitHub, Vitest, Playwright, MariaDB, Linux, Docker, CI/CD

EXPERIENCE

Product Owner

Livro Systems, Inc. · January 2026 – Present

- Develop and maintain features on the school management system and ERP Livro, including employee onboarding, offboarding, and user access requests.
- Maintain online enrollment forms and payment allocation so schools can enroll students and apply payments in the system.
- Updated the SMS billing gateway from Smart to Globe so schools can send billing notifications.
- Delivered updates for enrollment status, tellering, billing, and SMS sent from the school system.
- Own the school management system and ERP Livro, continuing delivery with the team.

Senior Web Developer

Livro Systems, Inc. · April 2025 – December 2025

Senior Web Developer

Wela School Systems · February 2024 – March 2025

- Developed and maintained tellering and billing features for payment status, fee allocation, matriculation, discounts, and statements of account.
- Developed and maintained pre-enrollment and enrollment features for basic education and college, including enrollment status.
- Maintained grading and SMS billing features, and configured access for finance and registrar users.

Mid-Senior Web Developer

Wela School Systems · September 2023 – February 2024

- Maintained school billing features on live sites, including ledger adjustments, discounts, and statements of account.
- Updated matriculation so excess discounts are credited to previous balances.

Junior Web Developer

Wela School Systems · March 2020 – September 2023

- Developed and maintained online enrollment forms for school admissions, starting in 2020.
- Developed and maintained grade slips and grading rules so schools can issue results from the system.
- Developed and maintained college billing features for matriculation, fees, and the enrollment ledger.
