Web developer with 6+ years of experience developing school management and ERP systems. Experienced in Python, JavaScript, Frappe, and ERPNext, with work spanning enrollment, billing, payment allocation, grading, and employee access workflows. Career progression includes senior development and product ownership.

SKILLS

School systems

Admission, enrollment, pre-enrollment, grading, grade slips, matriculation

ERP

ERPNext, Frappe, ERP Livro, onboarding and offboarding, user access, role permissions

Billing and payments

Teller, fee allocation, discounts, statements of account, online payments, SMS billing

Engineering

Python, JavaScript, REST APIs, Git, MariaDB, Linux, Docker, CI/CD

EXPERIENCE

Web Developer

Livro Systems, Inc. · September 2026 – Present

Role changed in September 2026 following organizational restructuring.

- Develop and maintain features on the school management system and ERP Livro, including employee onboarding, offboarding, and user access requests.
- Maintain online enrollment forms and payment allocation so schools can enroll students and apply payments in the system.
- Updated the SMS billing gateway from Smart to Globe so schools can send billing notifications.

Product Owner

Livro Systems, Inc. · January 2026 – August 2026

- Owned the school management system and ERP Livro, and continued delivery with the team.
- Delivered updates for enrollment status, teller, billing, and SMS sent from the school system.

Senior Web Developer

Wela School Systems · February 2024 – December 2025

- Developed and maintained teller and billing features for payment status, fee allocation, matriculation, discounts, and statements of account.
- Developed and maintained pre-enrollment and enrollment features for basic education and college, including enrollment status.
- Maintained grading and SMS billing features, and configured access for finance and registrar users.

Mid-Senior Web Developer

Wela School Systems · September 2023 – February 2024

- Maintained school billing features on live sites, including ledger adjustments, discounts, and statements of account.
- Updated matriculation so excess discounts are credited to previous balances.

Junior Web Developer

Wela School Systems · March 2020 – September 2023

- Developed and maintained online enrollment forms for school admissions, starting in 2020.
- Developed and maintained grade slips and grading rules so schools can issue results from the system.
- Developed and maintained college billing features for matriculation, fees, and the enrollment ledger.
